

Hungarian Community School, Adelaide Inc.

Website Linking Policy

Adopted by the Management Committee — 7 October 2026 · Version 1.0

1. Purpose

This policy sets out which external organisations the School will link to from its website, so that decisions are consistent, defensible and made in the interests of students and the Hungarian community.

2. Principles

- The School links to organisations only. It does not link to individuals, or to businesses or commercial services.
- A linked organisation must fall within one of the following categories: a Hungarian community or cultural organisation; a not-for-profit or community body; an educational institution; or a body to which the School reports or is affiliated, such as Community Language Schools SA.
- The link must offer a benefit to the School's students or to the Hungarian community in South Australia.
- Links are reciprocal. The School will normally list an organisation only where that organisation carries a link to the School.
- The School does not seek or accept payment or any other consideration for a link.

3. Disclaimer

The links page will carry the following statement:

“The Hungarian Community School, Adelaide Inc. is an independent, non sectarian, non denominational and non political organisation. It provides these links as a service to students and the community. The School does not endorse the organisations listed, or any goods, services, events or views they offer or express, and accepts no responsibility for the content of external websites.”

4. Approval and review

Each new link is approved by resolution of the Management Committee. The Secretary maintains the links page and reports additions or removals to the Committee. The links page is reviewed annually, and a link is removed if the organisation no longer meets this policy or the reciprocal link is not maintained.
